

Parents' Information Evenings 5, 6 & 7 April 2011

Dear Parent/Carer

Welcome to the Parents' Information Evening hosted by the University of Huddersfield in conjunction with Calderdale and Kirklees Careers Service.

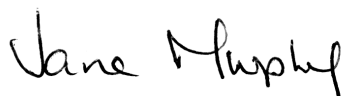

This event is intended to provide information about Higher Education in general, however, you can of course ask about the University of Huddersfield specifically whilst you are here.

The programme for the evening can be found overleaf. Between 6.00pm and 7.00pm, information stands are available in Quayside; the presentation sessions will be held in the Firth St Lecture Theatre, across the bridge from Quayside where you registered. Do ask for directions from one of the student helpers should you not be sure where to go. If you have any special requirements for this part of the evening, such as needing a large print copy of the presentations, please contact the Schools and Colleges Liaison staff. **Please note: the latest developments in Student Finance will be explained in detail in the presentation; if you have a specific enquiry, Student Finance staff will be on hand in the Information Fair.**

The highlight of the evening will be the Student Experience Panel at the end of the presentations, when you can talk to current students of the University and hear their own experiences of Higher Education.

I hope you have an informative and enjoyable evening. If you have any further questions or issues about Higher Education, or about applying to the University of Huddersfield, please do not hesitate to contact me as below.

Best wishes

Jane Murphy
Schools and Colleges Liaison Officer (Parents)
